www.linkedin.com/in/marcelo-spano-435267233

Overview

More than 25 years of experience developing software in leading companies in the Telecommunications, Energy, Banking, Civil Engineering, Agro, Insurance and Educational markets.

Management and training of software development teams.

Project management, coordination between business, technology and supplier areas.

Evaluation of RFC and preparation of Technical Proposals.

Demo

I share my personal page where I expose some DEMOS projects, which apply in detail the technologies referenced in the SKILL section of this CV.
